```
1 class Solution {
2     public int binaryGap(int N) {
3         String s = "0b"+Integer.toBinaryString(N);
4         int last=s.length()-1;
5         int len=0;
6         int temp=0;
7         int previndex=-1;
8         while(temp <= last){
9             if(s.charAt(temp)=='1'){
10                 if(previndex==-1){
11                     previndex=temp;
12                 }else{
13                     if(len < temp-previndex){
14                         len=temp-previndex;
15                     }
16                     previndex=temp;
17                 }
18             }
19         }
20     }
21     temp++;
22 }
23 return len;
24 }
25 }
26 }
27 }
```
